REGISTRATION NUMBERS

EACH REGISTRATION NUMBER COMES IN ONE CONTINUOUS STRIP FOR STRAIGHT, EASY APPLICATION.

ALL OPTIONS ARE AVAILABLE IN EITHER THE DIRECT APPLY COLORED VINYL OR PAINT MASK. ALL COUNTRY REGISTRATIONS AND SIZES ARE AVAILABLE.

Prices listed are per letter, per color. A second color for shadow or outline will double the price.

<u>STANDARD VINYL OR MASK</u>	3" - 4"	\$2.00
(Other Sizes Available)	5" - 6"	\$4.00
	7" - 12"	\$6.00

High Performance Vinyl:

All registration numbers are provided in 3M High Performance vinyl for longevity and durability. Vinyl registration numbers are a quick way to mark your aircraft with a professional painted look. Refer to color swatches in back cover for color choices.

Paint Mask:

We can help you cut the prep time on your next paint job with our paint mask registration numbers. All cut lines are rubbed with charcoal and no material is pulled (unless requested). This allows you to pull the positive or negative of the number at the time of painting. All outline and shadow options are still available in paint mask. We primarily use Avery masking material but Gerber is available upon request. If you are unsure if the material will work for you, please call and request a test sample.

Temporary Numbers:

This is a quick and easy way to display your registration number. Our Temporary numbers are printed on an opaque white background. This allows you to cover existing numbers and stripes for maximum visibility.

<u>ALSO AVAILABLE WITHOUT A</u>	3" - 4"	\$2.50

StripeRite

StripeRite is a stencil material

30 feet long with 1/4 inch stripes already cut.

You just stick the material on the surface to be striped and pull out as many 1/4 inch strips as you need.

Example: If you want a 1" stripe with a 1/2" space and then another 1/2" stripe, you just pull 4 stripes out, leave 2, and then pull 2 more out.

StripeRite comes in 6 inch x 30 foot rolls

\$65.00 each
